AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. THORNBERRY) at 4 o'clock and 55 minutes p.m.

AVIATION INVESTMENT AND REFORM ACT FOR THE 21ST CENTURY

The SPEAKER pro tempore. Pursuant to House Resolution 206 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the further consideration of the bill, H.R. 1000.

□ 1656

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the further consideration of the bill (H.R. 1000) to amend title 49, United States Code, to reauthorize programs of the Federal Aviation Administration, and for other purposes, with Mr. BONILLA in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. When the Committee of the Whole House rose earlier today, pending was Amendment Number 2 printed in part B of House Report 106-185 by the gentleman from Florida (Mr. YOUNG).

The gentleman from Florida (Mr. YOUNG) has 2 minutes remaining in debate, and the gentleman from Pennsylvania (Mr. SHUSTER) has 2½ minutes remaining in debate.

The Chair recognizes the gentleman from Florida (Mr. YOUNG).

Mr. YOUNG of Florida. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I rise in support of the Young-Kasich amendment.

This amendment guarantees that aviation will get its fair share of the funding. Our amendment allows us to spend all of the aviation revenues and spend them only on authorized aviation purposes.

Since the trust fund was created in 1970, we have appropriated all of the ticket tax revenues and more. And my amendment does nothing to undermine that policy. This is a policy that is fair to the traveling public.

Our amendment deletes those parts of the bill which bust the budget and put FAA spending on autopilot. Without the amendment, AIR 21 makes already strained budget cap problems \$3 billion worse each year because it guarantees a locked-in amount for general fund appropriations.

Our amendment preserves the ability of this Congress to control aviation spending and provide real tax relief for American families. This amendment is endorsed by all of the leading budget watchdog groups, including Citizens Against Government Waste, the Concord Coalition, and Americans for Tax Reform.

Also, we have been advised that because of this section 103(b), the administration is recommending a veto on the bill.

So I would suggest that it would be in all of our best interest and in the best interest of the aviation industry and the flying public and in the best interest of those who are committed to balancing the budget and preserving the surplus for Social Security and, hopefully, in the future for a tax break that we support this amendment and take out the onerous part of this bill that is a budget buster.

I would ask that our colleagues when they come to the floor to take the opportunity to read the handouts that we will have to show just exactly how this is a budget buster and to be assured that we are not taking one penny away from the monies in the trust fund that have been paid in by the traveling public, the people who fly in airlines all over this great Nation of ours.

So the concern that was expressed by my colleague the gentleman from Minnesota (Mr. OBERSTAR) earlier in the debate that that would happen is just not the case. That is guaranteed. That is protected. That is there until somebody changes the basic law. This amendment does not change that. This amendment keeps this bill from being a budget buster.

Mr. SHUSTER. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I have been absolutely astonished at the misinformation that has been put out during the course of this debate. People are entitled to different opinions, but they are not entitled to different facts.

Read the bill. Fact one is, this does not break the budget caps. This is funded outside of the budget through a tiny portion of the tax cut.

Fact number 2, this does not touch the Social Security surplus.

Fact number 3, this eliminates general funding.

We hear about general funding, the use of the general fund, as though this were something new. This has been a part of the aviation bill from day one.

Indeed, the very commission that we created indicated that it is proper for there to be general funding for aviation because it is in the public interest.

□ 1700

Fact No. 4: We actually freeze the level of general funding so there can be

no increase in spending from the general fund, which takes pressure off the appropriators in the future.

And Fact No. 5: When my colleagues come to the floor, they should look at what this does to their airport if this passes. Primary airports will lose 67 percent of their entitlements; cargo airports will lose two-thirds of their entitlements. General aviation airports will lose all of their entitlements.

The Speaker of the House supports our legislation, the Democratic Leader supports our legislation. Indeed, the Speaker has said he will come to the floor not only supporting this legislation, but actually will vote in favor of our legislation.

So defeat this killer amendment so that we can proceed to do what is right for America and improve America's aviation system. Mr. Chairman, I urge opposition to this amendment.

The SPEAKER pro tempore (Mr. BONILLA.) The question is on the amendment offered by the gentleman from Florida (Mr. YOUNG).

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Mr. OBEY. Mr. Chairman, I demand a recorded vote.

A recorded vote was ordered.

The vote was taken by electronic device, and there were—ayes 179, noes 248, not voting 7, as follows:
